MINISTRY OF COMMERCE

PUBLIC NOTICE

IMPORT TRADE CONTROL

New Delhi, the 18th May 1968

SUBJECT:—*Import Policy for Sulphur* [*S. No. 25(a)/V*]—*April*, 1968—*March*, 1969.

No. 84-ITC(PN)/68.—Attention is invited to the remark against Sl. No. 25(a)/V, in Section II of the Import Trade Control Policy (Red Book—Vol. I) for the period April '68—March '69, wherein it is stated that the import policy for sulphur will be announced later.

2. It has been decided to permit the import of sulphur through the State Trading Corporation during April '68—March '69.

3. In addition, applications for import of sulphur will also be considered from actual users manufacturing fertilisers. Such applications should be made in the prescribed form and manner to the Chief Controller of Imports and Exports through sponsoring authority concerned, for a quantity of 5,000 tons and above giving inter

alia the information regarding (i) the stocks held by the applicant on the date of making the import application and (ii) supplies likely to be made available against the contracts already entered into with the S.T.C./foreign suppliers and also allocations from established importers. The licensing authority will consider the applications for import of quantity considered reasonable to meet the requirements of the applicant.

4. Applications under this policy may also be considered from importers who have been importing sulphur in bulk from traditional sources. The applications should be made in the prescribed form and manner (Form 'A') to the Chief Controller of Imports and Exports, New Delhi (by name to Shri S. R. Minocha, Deputy Chief Controller of Imports and Exports) for a quantity of 5,000 tons and above.

5. The price at which sulphur is sought to be imported will be an important consideration in dealing with the applications. The applications should, therefore, be accompanied by firm offer received by the applicant from the overseas suppliers indicating the quantity, price and delivery schedule. The approved price will be indicated on the import licences and the licences will not be valid for imports at a price higher than the price mentioned on the licence.

6. The requirements of actual users other than those engaged in the manufacture of fertilisers will be met out of the imports effected by State Trading Corporation and other established importers.

7. The entry against Sr. No. 25(a)/V, in Section II of the Import Trade Control Policy (Red Book—Vol. I) for April, 1968—March, 1969 may be deemed to have been amended accordingly.

P. D. KASBEKAR,

Chief Controller of Imports & Exports.
